

WSA Series

Heavy-duty Li-ion Stacker 1200-1600kg

EP
Let's grow together

- Heavy duty stacker designed around Li-ion battery
- High efficiency thanks to the fast lifting and lowering speeds
- Great stacking precision with the proportional lifting control system
- Compact size to maneuver in confined space
- Fast and flexible charging thanks to the integrated charger
- Improved cover with storage space and USB outlet for daily convenience

Manufacturer			EP	EP
Model designation			WSA121	WSA161
Drive			Electric	Electric
Load capacity	Q	kg	1200	1600
Load center distance	c	mm	600	600
Service weight		kg	955	1070
Retracted mast height	h1	mm	1970	2015
Lift height	h3	mm	2915	2915
Length to face of forks	l2	mm	714	774
Overall width	b1/b2	mm	810	810
Fork dimensions	s/e/l	mm	65/170/1150	65/170/1150
Turning radius	Wa	mm	1446	1506
Max. gradeability, laden/unladen		%	8/16	8/16
Travel speed, laden/unladen		km/h	5/5.5	5/5.5
Lifting speed, laden/unladen		m/s	0.23/0.3	0.23/0.3
Lowering speed, laden/unladen		m/s	0.4/0.36	0.4/0.36
Battery voltage/nominal capacity		V/Ah	24/100	24/100

V2401.03

FEATURE

■ Fast stacking speeds and great precision

The WSA series features significantly improved lifting and lowering speeds and can lift forks to 4.5m in 15 seconds. This contributes to fast stacking and maximized turnover efficiency in warehouses. Besides, this truck comes with the proportional lifting system as standard and enables the operator to stack and retrieve pallets more precisely and gently in multi-level racking.

■ Improved design combined with practical features

The WSA Series introduces a modern and strong design that will be the new brand identity for the EP equipment warehouse products. Design with users in mind, the strong cover provides storage space and USB outlet. The operator can take documents and stuff in the dedicated pocket, and charge the electronic device on the go without extra fuss.

■ Agility and visibility for better operation experience

The WSA series demonstrates a compact size with shorter L2 than the ES-WA series and naturally brings a smaller turning radius. This makes it particularly suitable for moving loads in confined spaces. The WSA161 adopts two side cylinders as standard and offer better visibility.

■ Lithium technology with integrated charger

The WSA161 is fully designed around the advantages of lithium technology, with 24V/100Ah Li-ion battery and an integrated charger, which allows for flexible and rapid charging and zero maintenance. 24V/205Ah Li-ion battery is optionally available for long operating period.

Heavy-duty stacker 1.2/1.6T
